## 1) Read the given poem and do the activities below.

He always comes on market days,  
And holds balloons - a lovely bunch  
And in the market square he stays,  
And never seems to think of lunch.

They're red and purple, blue and green,  
And when it is a sunny day  
The carts and people get between  
You see them shining far away.

And some are big and some are small,  
All tied together with a string, a  
And if there is a wind at all  
They tug and tug like anything.

Some day perhaps he'll let them go  
And we shall see them sailing high,  
And stand and watch them from below  
They would look pretty in the sky!

## 3. Read the following story and do the activities that follow:

Once there lived three men in a village. They were spending time together like good friends. All of the three friends were poor. They decided to make a journey to another town to make living.

One day the three friends set out on a journey. When they were passing through a forest they saw a bag lying on the ground. They picked it up and were overjoyed to find it full of gold. They decided to divide the gold equally among themselves.

They happily walked through the forest. In the evening, they

stopped for a rest. They were hungry and tired. They sent one of them to fetch food from the neighbouring town. The man who had gone to fetch food was very greedy. He mixed some poison in the food. He said to himself, "I will have all the gold, I'll go to my village and start my own business."

On the other hand the two friends who had been waiting for the food had planned to kill the third one when he came back with the food.

When the friend with the food came to his friends, they killed him. When they ate the poisoned meal, they also died. So, none of them got the gold.

Janakpur  
20<sup>th</sup> July

Dear Karan,

I got your letter yesterday. Thanks for it. I'm preparing for my final exam. It's after two weeks. Everything is fine here. I and my classmate Manoj spend hours in my room revising all the subjects. Karan, you've asked for my Science notebook for a few days in your letter. No, problem, you can get it, but you have to wait five more days for it. My Science exam will have finished by then. If you are in hurry, why don't you meet Nishant? I think he'll help

you. He made the photocopy of all the stuff of my Science notebook last week, and most importantly his Science exam was over. I can give you his telephone number (4546231). You'd better call him and ask for it.

Write to me again if you need my help.

With best regards,

Jeevan
